Welcome!

Welcome to residence life at Dodge City Community College! We hope the experience of community living will prove enjoyable as well as educational for you. This Handbook has been designed to familiarize you with the guidelines necessary to make the community work for everyone. Please read it carefully, and refer to it as questions arise throughout the year.

As a student living on campus, it is your challenge to make community living work. The right to privacy, quiet, protection of personal and public property, and respect for each person's needs are basic elements. The success of your community depends on one person: YOU!

Your handbook contains general information on College housing, the policies and guidelines of community living at Dodge City Community College, and the services and features available to you as a campus resident.

Be sure to thoroughly read the handbook before signing your contract. If you have unanswered questions after you have consulted this handbook, contact your resident assistant, or Dodge City Community College Housing Office at (316) 227-9304. We will be happy to assist you.

Where an asterisk () appears, a change might be made. If this change is made, it will be posted on the bulletin board in the Shelden Hall lobby.

Climate

Dodge City Climate

Dodge City is situated in the Southwestern part of the state and enjoys partial sunshine year-round. However, the same elevation which provides cool summer nights can also bring some chilly winter temperatures and occasional snow. Be prepared for temperature extremes. Remember your swimsuit and shorts for those warm afternoons, and don't forget a parka and gloves (you won't need them often, but you'll be glad to have them when you do).

Daytime high temperatures range from 40s and 50s in the winter to 80s and 90s in the summer. Winter lows are typically in the 20s, while summer lows are in the 50s and 60s. The average first freeze is around October 19 and the last frosty night is approximately April 23.

Annual precipitation for this areas is about 20 inches, the majority of which is received in spring.

Residence Hall Guidelines

Reserving a Room

Room reservations are made by completing a Housing Application and returning it with a \$100.00 deposit to:

Dodge City Community College
Housing Office - Shelden Hall
2501 North 14th Avenue
Dodge City KS 67801-2399

The \$100.00 deposit guarantees that a room will be assigned to you before the start of the fall semester. The deposit is also used to secure any damages a student might cause to the residence hall. At the end of the school year, if no damage is done to the room, \$95.00 of the deposit will be refunded to the student. The remaining \$5.00 will be use for activity fees. Students on financial aid and/or on scholarship are also required to make this deposit.

Students who lived on campus during the spring semester and wish to reserve their same room for the next Fall, or make a change must notify the housing office.

New students will be assigned a room after June 15th and before August 1, upon receipt of their application and deposit.

IMPORTANT: The first payment of \$450 is due when the student initially checks into the hall. Students on financial aid and/or on scholarship are also required to make the first payment prior to checking into the residence hall. If you have not checked into your assigned room by the day classes begin, your room assignment will be canceled and your deposit will be forfeited.

Room Confirmation

When your room assignment has been made, you will be sent a confirmation card, identifying your hall, room number, and your roommate. Be sure to bring the confirmation card with you when you arrive at your new home. Dodge City Community College reserves space on a first come first severed basis. Dodge City Community College reserves the right to assign and re-assign rooms based on available space.

Checking In

1. Bring your conformation card to Shelden Hall lobby.
2. Give your name and confirmation card to the staff member at the check-in desk.
3. You will be given a room contract, and will be required to fill out some additional forms concerning your room. The most important of these is the Room Inspection Sheet—please read it carefully.
4. You will be given your key to the room.
5. If you arrive before your roommate, please wait to decorate until both of you can discuss the arrangements of the room.
6. If you have not checked into your room by the day classes begin, your room will be reassigned and your deposit will be forfeited.

About the Staff

Housing Director

The residence hall is managed by a Housing Director, who is aided by an Assistant Director and Resident Assistants RAs. The Director, a professional housing staff member, is responsible for the administration of college regulations along with housing policies. The Director coordinates activities in the residence halls, while also supervising and training of the Resident Assistant staff.

Your Director encourages the development of a community atmosphere within your hall, and acts as a liaison between the residence hall and other College offices.

Assistant Director

The Assistant director helps the Director coordinate activities in the hall, as well as supervising and training of RA's. Your Assistant Director supervises the maintenance of residence hall along with enforcing college and housing policies.

Resident Assistant

Each floor is staffed by an RA, a student who works for the housing department and is responsible for your floor and its residents.

Each RA is primarily concerned with the welfare of the students on his/her floor. They help to enforce hall and College policies, and disseminate campus information. The first person you should see when you have a problem is your RA—if he or she can't help (and you'll be surprised by how often they can!), they will point you in the right direction.

If you or your organization would like to post signs in the residence halls, it is necessary to seek approval from the housing director. Signs posted without approval are subject to removal.

Private rooms

Private rooms are frequently available, but due to the amount of hall space, they cannot be guaranteed. If occupancy permits, residents may request private rooms after the semester is in progress. Extenuating circumstances may be discussed with the Director of Housing.

*Private rooms cost an additional \$325.00 per semester.

Quiet hours

Each hall maintains specific quiet hours. During those times, the noise level is kept to a minimum for those who wish to study. Anyone who disregards other residents' rights by playing stereos loudly or creating other noisy disturbances will be subject to being asked to vacate the residence hall.

Room Assignment

Priority for space is determined by the date of receipt of the completed housing application and deposit. Mutual requests for roommates and special living arrangements are honored when ever possible.

Room changes

Requests for room changes should be directed to the housing office. You must go through proper check out procedure before moving.

Room entry

DCCC is committed to respecting your right to privacy. However, the College maintains the right to enter rooms and perform required maintenance, to determine the condition of College property and to regulate suspected violations of College rules and regulations.

Room inventory sheets

When you first move into your room, you are asked to complete a room inventory sheet. This is to protect you from being held responsible for damages which existed prior to your occupancy. You are advised to be accurate and specific in filling out this form. Your R.A. will check the condition of your room against your inventory sheet when you check out, and any damages not listed on this form will be charged to you.

Security

DCCC security personnel make building checks on a regular basis and are available to handle disturbances or concerns. Students are responsible for behaving in ways which do not put them at risk.

For your security, it is recommended that you keep your room door locked at all times. All exterior doors of Shelden Hall and Coleman-Webb will be locked each night at 10:00 p.m.

- * The right to petition for redress of grievances.
- * The right to be free from fear of intimidation, physical and/or emotional harm.
- * If you feel that these rights are being infringed upon, please make an appointment to discuss your concerns with the Director of Housing.

Vacations

Residence halls are closed during scheduled vacation periods. If you wish to stay in your hall at these times, it is necessary to make special arrangements with the Housing Director in advance. There is an additional charge for vacation periods.

Visitation

Specific hours are set aside when you may invite friends or relatives of the opposite sex to visit in your room. Each hall has its own visitation hours, which may be changed by all-hall vote. If you have guests, you must escort them from the lobby to your room. The system of escorting visitors keeps unauthorized people from roaming the halls.

Wall decorations

You are welcome to personalize your room with decorations or posters, but remember to use masking tape only. You will be held responsible for damage caused by other tape, nails, or screws.

... in the fall semester. Releases from the contract may only be made where a student withdraws, gets married, or graduates from the College at the end of the first semester.
